

RESIDENTIAL ROOFING

THE NEXT GENERATION OF CONFIDENCE

METAL ROOFING

THE ANSWER --- FOR HOMEOWNERS

It's no surprise that metal roofing becomes a more popular choice for residential roofing every year. A metal roof is significantly more durable, virtually maintenance free, and has an attractive look that makes your home shine. When you choose an Everlast roof for your home, you are protecting your investment with the highest quality metal roof available.

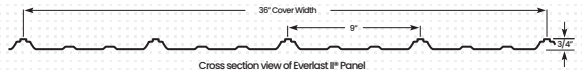

WARRANTIES THAT GIVE PEACE OF MIND

Not only do we provide beautiful roofs for your home, but we back up our products with an array of different warranties that range up to 50 years. Our strong warranty commitment provides peace of mind and the promise of a gorgeous, strong roof for years to come.

EVERLAST II®

Everlast II® is 38" wide and provides for 36" of coverage. The symmetrical pattern of Everlast II® creates an attractive board and batten look, which is a popular choice. The crisp, clean appearance and large variety of color options, make it the perfect roof for residential buildings.

EVERSEAM®

The Everseam® panel has the elegant look of a traditional style standing seam roof, with the strength and durability of high strength 24-gauge steel manufactured in the USA. Everseam® is 20" wide with a 1 1/2" high seam with an integral locking seam held in place by concealed metal clips.

FEATURES

- ✓ Concealed Fastener System
- ✓ Choice of Color
- ✓ Enhanced Durability
- ✓ Water Resistance
- ✓ Fire Resistance
- ✓ Wind Resistance
- ✓ Energy Efficient
- ✓ Recyclability
- ✓ Sound Deadening
- ✓ Fluorpon® Paint Finish
- ✓ 3:12 Minimum Pitch

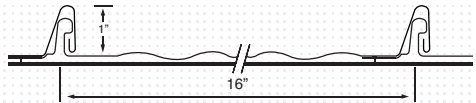

EVERLOC®

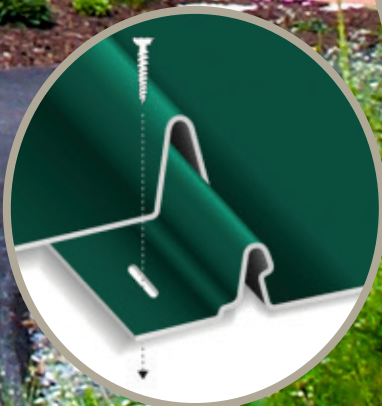

The Everloc® panel has the stylish look of standing seam roofing without the cost of labor of clips or seaming tools.

Everloc® is designed to be installed over a solid substrate and utilizes a slotted leg for fastening. The 1" high seam covering 16" makes it a model choice for residential roofing, mansard and fascia applications.

FEATURES

- ✓ Concealed Fastener System
- ✓ Choice of Color
- ✓ Enhanced Durability
- ✓ Water Resistance
- ✓ Fire Resistance
- ✓ Wind Resistance
- ✓ Energy Efficient
- ✓ Recyclability
- ✓ Sound Deadening
